Doors for
your home

Joinery
Products

Welcome to XL Joinery

Innovative doors, designed for life

If you want to locate your nearest stockist of XL Joinery products:

- Return to where you picked up this catalogue
- Phone our low cost Stockist Information Line on **0845 230 3300** (from UK landlines only) and only pay the cost of a local call
- Email **enquiries@xljoinery.co.uk**
- Visit our website: **www.xljoinery.co.uk** and use our 'Stockist Finder' feature.

Technical Support

We offer a technical helpline that is on hand to answer any questions you may have. This service is available 9-5, 7 days a week – **07000 785571**

Guarantee

We offer a comprehensive guarantee on all of the products in this catalogue:

- 10 years on all external and internal timber doors
- 5 years on our plastic sheeting
- 1 year on our white primed and white moulded ranges, frames, gates and weather bars.

Quality

Our ISO9001 certification is testament to the quality and consistency of the way we do business. Our in-house technical team inspect all of the products we receive prior to despatch to our customers. We also stringently vet our entire supply base to ensure we are procuring products from ethical and quality manufacturers.

Environment

As holders of our own FSC Chain of Custody Certification (SA-COC-1476) we recognise the importance of operating in an environmentally friendly manner. To this end the majority of the products in this catalogue are FSC certified. All of our products are procured from well managed forests.

- High Specification Double Glazing
 - Part L Compliant Doors
 - Weather Sealed Doorsets

10 Years manufacturing guarantee on all external and internal timber doors

What makes a great internal door?

At XL we are dedicated to ensuring we supply our customers with the right range of products at the right specification.

Toughened Glass for enhanced safety

Range of sizes and styles to meet all customer needs

Sourced from sustainably managed forests

Engineered construction for greater stability and performance

Available factory finished to ensure a consistent high quality finish

Complementary door linings, architrave and skirting sets in Oak and Walnut

Selected natural wood veneers reflect the natural beauty of timber (e.g. Oak, Hardwood, Walnut and Pine)

Internal Doors

Inner beauty revealed

Internal doors are increasingly becoming one of the most considered purchases in the home. The demand for more aesthetically appealing fashion led doors has increased as consumers demand more aspirational product choices.

The depth and quality of our internal door range will satisfy the most discerning of home owners from the more traditional designs to cutting edge contemporary designs there really is something for everyone at a variety of highly competitive price points.

All of the doors described as Walnut, Oak or Hardwood within this catalogue are of engineered construction with high quality Walnut, Oak or Hardwood veneer.

Internal Doors Freefold

Add flexibility to your living environment with the Freefold door system.

Whether you want to make one room two or two rooms one the Freefold is the choice. The system allows for:

- The creation of two rooms by closing all of the doors
- The creation of one large room by fully opening the doors
- An internal French door solution with side panels.

Available in Oak and on any internal door offered in 24" featured within this catalogue (see pages 10 - 39). This allows you to complement other internal doors from our range with the Freefold.

Freefold product includes:

- Oak veneered frame (includes head, jambs and decorative stops)
- Floor mounted guide (excluding Freefold 2)
- All folding hardware (excluding handles).

Doors need to be ordered separately (Freefold product is only available when purchasing relevant XL Joinery doors).

Recommended doors for the Freefold

Freefold 8	2090 x 4950 x 135mm	

Internal Doors Pair Makers

Main Image
Shaker Pine Glazed Door Pair
using the Pine Pair Maker

Our Pair Makers allow for the creation of a door pair on any 35mm thick internal door within our range. No rebating of any doors is required as the pair maker acts as the rebate. Available in two Oak designs (contemporary and standard), Pine and Hardwood it really is the flexible solution to converting two doors into a pair of doors.

Main image

Worcester Oak Glazed Door Pair using
the Contemporary Oak Pair Maker

Internal Doors

Product Description	Size
Contemporary Oak Pair Maker	To suit 78" high doors only
Oak Pair Maker	To suit 78" high doors only
Hardwood Pair Maker	To suit 78" high doors only
Pine Pair Maker	To suit 78" high doors only

The Pair Maker can be fitted to either a left or right hand door.

Simply fix the pair maker to the door you want to keep shut and allow the second door to open freely. However to allow both doors to open simultaneously unbolt the second door and your pair of doors can both be opened freely.

For installation apertures add 10mm to the overall width of the two doors (not including clearance).

Pattern 10 Oak

Internal Doors

Our door pairs are designed to be used as an internal room divider. Whether it be from a dining room to a kitchen, a living room to a hallway or a conservatory to a living room our range of door pairs can meet any requirement. From the more traditional Park Lane and SA77 designs to the more contemporary Pattern 10 and new Shaker range there really is something to suit all tastes.

All of our door pairs have matching internal doors to help create a harmonious look within the home.

Hardwood and Oak Pairs are rebated on the meeting stile and open as illustrated above.

What makes a great external door?

At XL we are dedicated to ensuring we supply our customers with the right range of products at the right specification.

Available factory finished to ensure a consistent high quality finish

A range of thermally efficient doors to meet the requirements of Part L of the UK Building Regulations

Engineered construction for greater stability and performance

Toughened Glass for enhanced safety

Selected natural wood veneers reflect the natural beauty of timber (e.g. Oak, Hardwood and Pine)

A range of frame and sidelight options for non-standard door openings

Sourced from sustainably managed forests

Doors available as factory assembled doorsets for easy on site installation

External doors

Outer beauty revealed

The external door creates the first impression where real individuality can be achieved through choosing the correct door and finish. From a Georgian home to a contemporary new home our range has the breadth to satisfy all requirements.

All of the doors described as Oak or Hardwood within this catalogue are of engineered construction with high quality Oak or Hardwood veneer.

External Doors

High Performance Doorsets

Our High Performance Doorsets are developed to meet the exacting standards of PAS23/24.

PAS23: includes testing to BS6375 Part 1 with respect to weather performance and also general performance requirements.

PAS24: tests the enhanced security performance of the door. This is a full blown attack on all parts of the door construction such as glazing, locks, joints and beads.

Doorset features include:

1

Shoot bolt

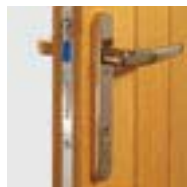

2

5 Way Multi-Point Locking System

3

Security hinges

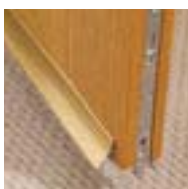

4

Vectis locking system for added security available in a choice of Chrome or Brass hardware

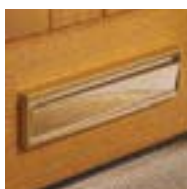

5

Stormguard trimline low threshold

6

Weather bar/rain deflector

7

Optional Letter plate (available in a choice of Chrome or Brass)

All of our double glazed doors have 24mm thick Low E Argon filled glass units.

For High Performance Doorset options see page 55.
Only doors which are 32" and above meet Part M requirements.

*Non FSC door.

XL Joinery pre-hung Doorsets are the hassle free way of ordering and installing an external door. Doorsets are available on all of our external doors featured on pages 58 - 71 ensuring the ultimate in flexibility.

Additional Selling Features

- Saves hours of joinery time when installing the product
- Factory manufactured cut-outs for locks, handles, hinges and letter plates
- Robust packaging – lessening the risk of any damage (especially on site)
- Choice of high security locking systems
- Full factory pre-finishing service available (see page 72).

Specification

All XL Joinery pre-hung doorsets comply to the following standards:

- BS6375 Part 1: Weather Tightness (when finished to XL's recommended pre-finishing standard)
- Part L: Conservation of fuel and power (U-Values). This relates to the use of suitably insulated materials and components (i.e. doors)
- Part M: Access to and use of buildings (Only doors which are 32" and above)
- Part N: Glazing safety.

Locking Options

Our doorsets are available with a choice of a Multi-Point Locking System (see opposite page for detail) or Nightlatch and Deadlock.

Nightlatch and British Standard Deadlock

NEW **Contemporary Doorset** – product comes with a choice of 600mm or 1200mm long chrome barrel handles and a Nightlatch and Deadbolt locking system. Doorset recommended on Siena, Turin, Modena, Suffolk and Padova.

Doorset option

Door Style
Brass: Multi-Point Lock with 2 Hook Mechanism

Matching Frame as standard

Specification and Upgrades

Our standard specification reflects the most common option choices which include a white door (both sides), frame and cill with a Multi Point locking mechanism. Optional upgrades include different colours (see page 57) and the opportunity to upgrade the Doorset to Secured by Design status.

All doors Pre-Finishing

A professional finish on the door is essential to complement the nature of the door. This is why we offer a pre-finishing service on all of our external and internal doors.

We offer a choice of wood stain or gloss paint in a number of different finish options. Sikksens stain or paint is used on all of our external pre-finished doors and AC lacquer is used on all internal doors, ensuring a quality and durable finish is achieved on every door we pre-finish. The spray finish technology we use really does provide a superb finish to any door.

For details of how to order a pre-finished door please consult your nearest XL stockist.

Wood Stain (External doors only, excluding pine doors)

Light Oak

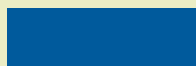

Mahogany

Wood Paint (External doors only, excluding pine doors)

3001 RAL Signal Red

5001 RAL Signal Blue

6029 RAL Mint Green

Internal and external hardwood doors are available in Mahogany unless otherwise stated, all other internal doors are available in a clear finish (Morrells).

Glazed Doorset	3 Coat Paint System

Please maintain regular treatment and care of pre-finished doors. For more advice on treatment and care please visit our website www.xljoinery.co.uk

Failure to maintain/replenish the finish can invalidate the guarantee.

We do not recommend the use of clear woodstain on external doors as they give the door less UV protection than other coloured stains.

All doors Specification and Performance

Specification & Performance

We realise the importance of product specification and dedicate a lot of time and effort to ensuring the products we offer in the market are products that will stand up to the rigours of everyday life. To back this up further we have many of our products independently assessed and certified by third party testing houses.

At XL we realise the quality of our products are critical to the success of our business. To this end we employ a dedicated team of professionals who:

- Monitor and complete comprehensive quality checks of incoming product deliveries
- Liaise on a daily basis with our supply base to ensure they are producing products to the exacting standards we demand
- Follow up any product queries to ensure there are no issues with any of our products

- Monitor developing building standards to ensure we are at the forefront of any new developments with our range
- Liaise with testing houses in the UK to ensure the products we are selling meet the relevant standards.

All products we sell are integrated into our quality management system which is BSI accredited ISO 9001:2008.

Certificate No. FM 518105

Other Joinery Products and Plastic Sheet

Our range of complementary joinery products allow for the creation of truly stunning finishes to any home. From matching architrave and skirtings to external door frames we have a range that really does add the finishing touch to your door.
